Bright and Robust 13 gg HPPE Composite liner with Ultra Abrasion Resistant Sandy Nitrile Palm

FEATURES

- Hi Viz colors enhance finger and hand visibility around machinery / dangerous materials for end users, as well as makes it easier for floor supervisors to confirm their team is wearing the right protection from a distance.
- Excellent fit and feel to this durable HPPE composite liner.
- HPPE plaited on inside of glove to increase softness and more efficiently transfer heat away from the hand during strenuous work.
- Sandy nitrile palm coating is oil resistant and has excellent dry and light oil grip
